Rebel Misrepresentations.

The rebel papers of this coast are working themselves into a paroxysm of rage over a thing which they have invented—for all we know to the contrary—and which purports to be a secret circular by the Union Leagues of California, calling upon the Union citizens of the State to arm themselves and be prepared to protect the rights of American citizens not only at the ballot-box but at their own firesides against the forty thousand cut-throats of which Weller made his boast when he lied so about the Government of his country and sought to stir up the foreign element to an armed insurrection. The traitors and maligners of our National Government in Oregon are doing their best to perfect the organization they have commenced here, by arousing in the breasts of their adherents an implacable hatred of free institutions and free people, and by a tissue of bare falsehood, making it appear that the elective franchise is to be prohibited at the coming Presidential election. Were not the result of their workings among the ignorant class of men who never had a sympathy in common with American institutions calculated to bring on a civil war, the insane asylum would be the best place to confine such men, but their crazy hate of the country, and the deep and damning treason stream which courses through their veins should consign them to a locality where packing sand would be regarded as light recreation compared to wheeling coal. If we under stand the matter, those vile defamers of everything good and patriotic, in the blindness of their fury, omitted to date the document anterior to the organization of their "forty thousand," so they have left at least a plausible excuse for the issue of such a recommendation by the Loyal Leagues. While they denounce the issue of this "secret circular," they never can deny that they belong to a band of no cursed traitors, leagued together—not with a common oath, for they will not trust each other by oaths no stronger than the law requires, and which so many of their members have wilfully violated—by a compact signed in their own base blood, and which can only be erased with the blood of patriots, widows and orphans. They do not deny that they compacted together, with arms in their hands to rob, murder and pillage. They do not deny that the thieves and murderers who infest the mountain mad roads of the entire coast act under their directions, and are a part of these "gallant forty thousand," although the charge has been reiterated in every loyal journal on this side of the continent.

It is a disgrace—a lasting disgrace—that the loyal people of America should band themselves together under the title of Loyal Leaguers for the maintenance of those principles and privileges handed down to them by their sires. But the infamy of that transaction rests not upon the loyal men, it belongs to and will remain eternally with those base traitors who have impelled the good citizens to resort to such a measure for the protection of their civil rights. Allowing they have entered into an alliance one with another for mutual armed protection, they are justified in so doing, for the bold and blasphemous front treason is putting on in their midst imperatively demands such preparation on the part of every loyal citizen, in anticipation of the moment when, under the guise of "Democrats"—"advocates for free speech and freedom of the press," etc. these unworthy neighbors are ready to begin their work of rapine and murder.

THE SNAKE INDIANS.—The Marysville *Appeal* has information that the Snake Indians giving so much trouble in the interior and on the mining routes, are divided into four large bands and commanded by white men. Many of them are armed with Henry's rifles. The attack on the Santiam mines shows the cupidity of the white man.

UNITED STATES CHRISTIAN COMMISSION.—At the lecture of Dr. Patterson in Vancouver, the sum of $45 in currency and $9 90 in coin was contributed. A committee consisting of Rev. Mr. Hines, Gen. Alvord, Rev. Dr. McCarty, Judge Wyche, Mr. Moore, and Major Marston, was appointed to organize an auxiliary to the Christian Commission in that place.

RIGHT SPIRIT.—A gentleman of our town says the Shasta *Courier*, has just received a letter from his home in Maine, from which we learn that the militia of that State had been called out for sixty days' service, to garrison the forts. A Bangor company, in which Vice President Hamlin had enlisted as a private, was preparing to leave for duty at Fort Kittery.

CHRISTIAN COMMISSION AT THE DALLES.—Rev. Dr. Patterson accompanied by Rev. Mr. Caffrey of Portland, visited the Dalles on Monday and addressed the citizens there in the evening. No contribution was taken up, but a committee was appointed to canvass the town for subscriptions and also perfect the formation of an auxiliary society.

Semmes' corsair, which lies at the bottom of the English channel registers in a most significant name—the *Alabama*—which translated from the original Tuscaloosa means. Here we rest.

Some of the papers are giving circulation to the silly report that Mr. Nicolay, one of the private secretaries of President Lincoln has been sent to the western Territories to "induce" them to form State organizations.

The Rev. Lewis C. Baxter, pastor of the First Presbyterian Church, San Francisco, died on Monday evening 15th inst.

A correspondent writing from Santa Barbara California says: "The cattle here are nearly all dead."

NONSENSE BEING "&c."—Among the stabs at the National Government which appears in the last number of the *Arena* is a foolish mass of words about the ability of the United States to prosecute the war. From the writer's commencement one might suppose that he was about to impart some very valuable information. Hear him:

> Do men understand that a time must come when it will no longer be safe for the nation to prosecute the war? In other words when the limit to our capacity for carrying on the war will be reached?

There is a wide spread delusion that the North possesses unlimited powers of endurance and exhaustless means of war. It is a delusion.

After a quarter of a column of "&c." about "bloody" merchants, "abolition editors, etc." and the usual stereotyped nonsentry concocted in Richmond for general use by the Northern traitors, it quotes an article from the *National Intelligencer, an Administration paper published at Washington* which argues that—

> * * * No empire can for any length of time flourish however prosperous it may be with one in a hundred of its population engaged in warlike pursuits. It is shown that Rome in the time of Augustus with a population of 120,000 000 had an army of 350 000 being about one soldier to 200 inhabitants. France, in 1867 with a population 42 000 000, had an army of 1,000,000, being an absorption of one in forty two of the whole population while the United States with a population of 23 000 000 has an army of 700 000 at the very lowest being one to thirty three of the entire population.

The *Arena* does not have any reflections to offer with regard to the effect of a prolonged war on its masters in the South. How long can the South stand it? Will the *Arena* tell us? For fear he will not condescend to state the other side of the question, we will do it for him. Taking his estimate of the population of the North as correct for the sake of the argument—but we shall show presently that it is wrong—we find according to the *Arena's* figuring that there are just 8,445 080 persons in the Confederacy—including several millions of negroes—and allowing the rebellion a force equal to that of the North, the army absorbs one in ten of the entire population, *negroes and all*. Without counting the slaves, the South has in its army about one out of every six of its entire population!

With regard to the *Arena's* estimate of the population of the United States, it ignores the fact that four years have elapsed since the census was taken upon which the estimate was based. Taking the last decade as the criterion, which is still short of the mark, owing to the unprecedented immigration from Europe to the Northern States during the past four years—the ratio of increase for this time would add at least 3 000,000 to the population of the North, making our army represent one in every thirty seven instead of one in thirty three. Does the *Arena* think the North can stand the war as long as the South, or is it understood that at a given signal the now privileged traitors in the North will shoulder arms and throw the preponderance of war power in favor of the South? If there is in the country any one impartial man of sane mind convinced by the *Arena's* logic, he is welcome to the conviction. "He is joined to his idols, let him alone."

Common Schools of Multnomah County

PORTLAND, Aug 24 1864

EDITOR OREGONIAN

In a recent communication I called attention to the commendable interest, which several of our districts had shown in their organization, in their support of good schools, three, six, and, in some cases, nine months in a year, and in the suitable location and convenient structure of a majority of the school houses.

It is due to the district committees to say, that, they have evidently sought to employ competent and faithful teachers, and to make the schools worthy of the patronage of all the families in their districts. With the limited funds, which some committees have at command they cannot of course do all that is desirable for the highest efficiency of their schools.

In some cases, there are divisions of sentiment in the district, which seriously cripple the action of both the trustees and the teachers of schools. In others there is a most desirable co-operation and harmony, and such districts reap the greatest advantages. In every case the regularly chosen committee, *with the school law before them*, ought to exercise *their authority* and do *their whole duty for the good of the school*, without fear or partiality, and they will at least be appreciated.

It is to be hoped that time experience and observation, our great teachers, will produce favorable changes and improvements in districts now troubled with divided counsels. There is need of united, firm, and patient action on part of all who love the cause of popular education, and, more than all, a *purpose unchanged*, that they *will have a free school* in their own districts, that they will organize and report regularly, and draw their share of the public money, and that they will visit and watch over their own school, become acquainted with its excellencies and its defects, and seek to become its *intelligent guardians*.

Fellow-citizens of Multnomah county you can know very little about your schools or your teachers unless you visit them. You must not depend upon your school committees alone. You must visit your own schools. The teachers will be glad to see you at any time. The children will be glad to see you. The eyes of your own little ones will sparkle, if they see you, father and mother or uncle or aunt, older brother or sister coming into their school.

They will study better and behave better for your visit. The sight of your face, for five or ten minutes even, will do more good in the school than you imagine. The older children will take courage and even pride to do their best especially if they may expect to see you. I have often noticed that the promising scholars are those whose parents attend most to these schools, and who often visit them. The committee will not be envious of your attentions to those matters. Possibly they may *meet you in the school* or know that your were in.

Yours in behalf of popular education,
G. H. ATKINSON,
Supt. Com. Schools.

SANGUINARY AND CAUTIOUS.—The Nevada *Gazette* thus urges:

> Every Union man in the State should purchase for himself a first rate rifle or a double barreled shot gun and a Colt's revolver. The probabilities are, that before the end of sixty days those arms will be required. The copperheads all over the State are arming themselves for some purpose and their leaders boast that they have over forty thousand men in readiness to rise to resist a draft if one shall be ordered. They have been purchasing and stealing whenever they could, and the result is there is not one Union man in this country who owns a weapon. Again we say to Union men, arm yourselves, and be prepared for any emergency that may arise.

FIVE HUNDRED THOUSAND MORE.—Simonton, in his letter to the *Bulletin*, referring to the draft, says:

> "Viewed in the light of the foregoing facts, the recent call for another half million of men to fill the Union armies has a new significance. It is a distinct notification to the rebel leaders that the North is not exhausted, and that the Government is not to be deluded into any abandonment of the war while the accomplishment of its purpose still hangs in doubt. When the rebels perceive these evidences of the determination of the Government and of the loyal people of the United States, they will realize all the more that the sooner they accept the best terms Mr. Lincoln will accord, the better for themselves."

ANOTHER YANKEE INVENTION.—Castine, the Washington correspondent of the *Times* writes that the soldiers of the Army of the Potomac amuse themselves by sending up kites toward the rebel army with amnesty proclamations thereto appended. When the kite is in the right place a slight thread running along the kite string is pulled and the bundle is scattered on the head of the unwilling fellows below. The *Press* and *Express* should protest against these unconstitutional proceedings of the Feds. "Where are we drifting?"—*Red Bluff Independent*.

SPECIAL DISPATCH TO THE DAILY OREGONIAN.

LATER FROM THE SANTIAM!

Dates to August 22.

Raid on the Santiam Mines by the Snake Indians!

The Vanguard Captured and Disarmed!

They Report a Body of 75 in their Rear.

THE MINERS EVACUATE QUARTZVILLE!

Grand Strategic Movement—The Miners Retire to Salem, their Future Base of Supplies!

SALEM, Aug 24.—Parties arrived from the Santiam mines to day report that Quartzville was evacuated on the 22d by Santiam Indians. Our forces first made their appearance there about noon armed with rifles and knives on the pretext of hunting and fishing for subsistence. They continued to skulk around the camp acting very suspiciously and on being questioned contradicted themselves several times so that the miners concluded to secure and disarm them which they did after some resistance on the part of the Indians. The Indians first stated that they were supported strong behind them and afterwards stated there was but six but on being reminded of their former statement they confirmed it. The miners having no arms of any importance to defend themselves against an attack, concluded to evacuate which they did at 9 A. M. starting all night.

A party will soon start back with sufficient arms to protect their settlement.

Reinforcements are being pushed on vigorously and now and then disconsolate stories are being made unnecessarily.

A few days before the party left the Union Company took out an oyster can full of gold in one day.

[COMMUNICATED.]

"I can't stand it! I can't stand it!" Matter enough and I can't stand it! Our brave soldiers, fighting, suffering, dying for us and we in the enjoyment of peace prosperity and liberty surrounded with comforts and blessings *and luxuries* doing so little. I can't stand it. A dollar now and then, perhaps a few times or dollars to the self sacrificing, yet uncomplaining soldier and hundreds for luxuries pounds for themselves, pence for the comfort and welfare of the brave soldier fighting the battles of our country, the battles of liberty and of right, giving his comforts of home, of friends and home associations, his pursuits and all, even his life a sacrifice to him and our country's good, to uphold our free government, with all its free institutions to preserve it to us, and transmit it to future generations, and offer to the oppressed of all lands not only a professed but a real asylum from oppression a land of liberty truly a "land of the free and the home of the brave!" No, I can't stand it! Suffering bleeding, dying for our sakes and for the cause of freedom, humanity, justice and right, to establish them throughout all coming time, and demonstrate to oppressors and oppressed in all lands, that man free, intelligent and devoted to the principles of justice and liberty, is capable of self government, and that Republicanism is not a myth nor a failure, but a fact. The suffering, fighting, dying for want of that sympathy and succor we might give. Doubtless every one of us, unless an occasional out-and-out copperhead, will claim that we sympathize with the soldier with the suffering, if so how much do I, how much do you how much does each one sympathize? How much? Two bits? Four bits? One dollar, five, ten twenty, fifty, one hundred? Five hundred dollars? Who says one thousand out of his thousands and tens of thousands? which, like every other "too much of a good thing," becomes, too often, instead of a good, an evil because it is hoarded or lavished, perhaps uselessly expended as an absolute possession not a loan as unconditionally belonging to a lord, not to a steward as an idol to be forever worshipped as though it conferred present and never lasting life and all the blessings thereof not a servant to be sent on errands of mercy dispensing comfort and enjoyment to the needy, the afflicted and destitute, capable of appreciating because they need it, as an angel of mercy dispensing the blessings of life and salvation through the gifts bestowed on us by the Giver of all good twice blessed blessing them who give as well as those who receive. "There is that scattereth, and yet increaseth; there is that withholdeth more than is meet, and it tendeth to poverty." W. H. S.

THE BRANCH MINT.—The Branch Mint having been located by Congress, at the Dalles, the Oregonian objects thereto, and gives a good show of reasons why Portland should have been selected as the site. Let the mint be established anywhere in Oregon and it will be of immense benefit to the State and more especially the mining portion. As it will more directly benefit our mining population it should be located with a view to the most feasible and convenient communication with the most extensive mining region in this State and Idaho Territory. Although the Dalles may at present have the advantage in means of access to the mines it is apparent that it cannot long retain its superiority in this particular, as the roads now being constructed across the Cascade mountains from this place will intersect the mines in such a manner that by far the larger portion of both gold and travel from the John Day, Powder river, Boise and Owyhee mines will naturally pass down the Willamette Valley. To this may be added the unquestionably rich silver mines of the Santiam district. The Oregonian advises concert of action to and in changing the location to Portland.—*State Journal*.

TAKEN CARE OF.—The Douglas Camp *Vedette* has the following:

> We learn from a private letter that Captain Black has a rebel recruit at Camp Connor diligently engaged in packing sand one hour on and one hour off." His offence (a rank one) was lecturing meat heartily for Jeff Davis and the Confederacy. His back is adorned with a placard on which appears the following words: "He is a traitor to his country." Capt. Black is determined that traitors in his vicinity shall assume a virtue though they have it not; and will teach Jeff's followers that they cannot insult his country's flag with impunity.

VALUABLE AMONG CATTLE.—From causes which we have not heard explained, says the Napa *Register*, cattle have been dying here very fast of late. Milch cows, which one day were apparently healthy have been found dead the next. The same result has been frequent in Sacramento among horses, though we have not heard of any deaths among the latter in Napa. It is thought there that certain kinds of food was the cause yet horses have been known to drop dead mules away from any stable while traveling on the road.

GRAPES.—This luscious fruit begins to come into market in considerable abundance. Our Willamette friends may feast on their apples and pears but we will take grapes for our portion. Southern Oregon for every variety of fruits has few equals and no superiors.—*Sentinel*.

GOOD FOR LAFAYETTE.—The Democrats in the town of Lafayette Yamhill county, have contributed $5800 in legal tender notes to the fund U States Sanitary Commission.

A writer in the *Gulf Era* says that if President Lincoln should be re elected, and General Grant's life be spared, the Commander in Chief and Lieutenant General will ride into Richmond in daily sale or ride over the ground where Richmond now stands.

SEWING MACHINES.—How they do go.—It is a real satisfaction to us to see sewing machines reaching over the land and especially to see them making their way into so many parsonages. How no lightens the labor and care of a patient toiling mother. Many a poor minister's wife has been saved thereby from overwork and so from consumption and an early grave. Hence we rejoice to see them go and are glad to speed them in their way. A clergyman from Minnesota who called on us this week could not leave New York without taking back the valuable accompaniment. He went to Grover & Baker's, and we believe picked out the best one he could find in the whole establishment. Who are sure he got his money's worth.—*New York Evangelist*.

BOILS.

WE READ THAT ONE OF the surest afflictions that the patient Job was called upon to bear was a host of boils, and they have been found to be from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood and that humor of some kind is lurking there and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, it is not best at once to purify the system? Do you ask what will do this? We answer **Scovill's Blood and Liver Syrup**. It is curing humors in every form and there is not a State in the Union where it has not accomplished the most astonishing cures. PENNINGTON & CO., Agents, 410 and 412 Front Street, San Francisco.

ONCE upon a time both a Saddler and a Blacksmith were required to work upon a Horse but now it boots not any such work and the Saddler is required no more. And not long ago Miss Mount Shoeing was very prevalent in the city, but now it is done away with because the best of judges pronounce it to be only fit for Cayuse Ponies, and not for American Horses.

Having had great experience in the line of HORSE SHOEING, I intend varying, me with a trial can rely upon having it done in the best manner and in the most reasonable time.

IMPROVEMENTS ACROSS THE RIVER.—The residents on the east side of the Willamette river have adopted the spirit which seems to move our citizens on this side, and a walk among their rural shades yesterday convinced us that East Portland and Brooklyn might well come under the head of City. A fine residence has been erected below the Wheeler claim, and an opening commenced for a splendid suburban home. The number of mechanics employed about the ship yard attest the driving pace of business being carried on by Captain Clinton. The new steamboat for the Vancouver trade has so far advanced that her style, and shape of build is easily seen. Col. Frush intends to set his ferry boat in motion by the 1st of next month. The Brooklyn Mills under the direction of Mr. McLaren, are kept busy, a part of the time night and day, producing a good quality of flour. The number and character of improvement going on in these places is a fine, indicating with the times and the only material lacking to give a rising impetus to property and business in connection with Portland, is a bridge across the river, or, a more suitable ferry boat, either one of which could be obtained with ease. Very likely it will be deemed necessary within a few years to construct the former.

JEFFERS OREGON CEMENT.—The Oregon cement of which allusion was made in this paper a few days since appears to be no new thing, but its introduction at this time is merely a revival of an enterprise conceived years ago by Mr. Jeffers. The gates being now wide open for such trades we are not surprised to find persons entering into manufactures much needed, but previously embarrassed for want of demand. There are buildings in Portland that have been long constructed which were finished with this quality of cement. Eight or ten years ago when Capt. Hoyt's wharf boat sunk in front of the [illegible] several barrels of this cement went down with it which was afterwards recovered, some of which is now to be seen on the opposite side of the river's [illegible] as rock, after having stood the test of winter ice floods and storms of the intermediate time, completely rotting the staves that surrounded it. Upon the strength of such a test the Oregon Steam Navigation Company contracted for 500 barrels at $5 per barrel, for use in putting up the stone work of their new wharf a portion of which has been driven. When the advantages to this State are considered the results of such an enterprise are easily calculated. We are annually importing very large [illegible] an inferior article from the East upon which money paid, for cost and freight in transit does not enrich the State and we heartily endorse and can commend, any branch of business that has a tendency to create a reaction on that point. The manufacturing of Jeffers' cement will hereby be commenced in earnest, and we wish its projectors the most abundant success.

REV. DR. BELLOWS.—The President of the Sanitary Commission arrived by stage last evening, and occupied rooms at the Dennison House. Since our citizens called upon him to pay their respects but the most substantial welcome was contained in a note enclosing twenty one hundred and fifty dollars, contributed by some of our citizens. He proceeded on a few hours yesterday by Mr. Holbrook. Mr. A. M. Starr. It was a good idea—giving to the cause and its eloquent advocate. He will address the Portland Ladies Society this evening. We will speak to night at 7½ when we hope that he will have a good audience. He goes to-morrow to the Cascades to take a beautiful and magnificent scenery of the Columbia river.

HONOR TO WHOM HONOR IS DUE.—Upon learning that it was the intention of Rev. Dr. Patterson to go up the Columbia river as far as the Dalles in pursuance of his philanthropic mission the officers of the O. S. N. Company provided free passes for himself and the gentleman who accompanied him, and provided for their comfort to be promoted by every means in the power of the attachees of the line. Everything novel or interesting in connection with their improvements on the route were exhibited and explained, and the trip both ways made exceedingly pleasant. We are glad of this opportunity of mentioning one of the numberless noble acts of the public spirited company.

LADIES' CHRISTIAN COMMISSION.—According to previous notice the ladies were largely represented at the meeting yesterday afternoon in the vestry of the Presbyterian Church, and organized by appointing Mrs. A. H. Brook President, Mrs. T. H. Pearne Vice President, Mrs. J. C. Ainsworth Recording Secretary, Mrs. Mary Orden Corresponding Secretary. A committee of three, consisting of Mrs. Hill, Mrs. G. H. Atkinson, and Mrs. H. Ladine were appointed to draft a constitution, and the meeting adjourned until September 7th.

FROM THE STATES.—Two families arrived in the city from the Plains last evening. They come from the State of Missouri. One of the families is bereft of the main paternal, on their long journey and the weeping widow is now compassionately surrounded by her orphan children, as she looks upon the wharf in the distant home she left dear but full of hope. It was a sorry sight, and we commend her case to the good Samaritans of Oregon.

RECKLESS.—A young boy, whose name we suppress for the benefit of his family, was arraigned before Justice Gray yesterday, for the reck

Upon the strength of such a test the Oregon Steam Navigation Company contracted for 500 barrels at $4 per barrel, for use in putting up the stone work of their new wharf, a portion of which has been delivered. When the advantages to this State are considered the results of such an enterprise are easily calculated. We are annually importing very large amounts of an inferior article from the East, upon which the money paid, for cost and freight, is lost to us, it does not enrich the State, and we heartily endorse and can commend, any branch of business that has a tendency to create a reaction on that point. Everything novel or interesting in connection with the improvements on the route were exhibited and explained, and the trip both ways made exceedingly pleasant. We are glad of this opportunity of manifesting one of the numberless noble acts of this public spirited company.

SANITARY CHRISTIAN COMMISSION.—According to previous notice the ladies were largely represented at the meeting yesterday afternoon in the vestry of the Presbyterian Church, and organized by appointing Mrs. A. Holbrook President, Mrs. T. H. Pearne Vice President, Mrs. J. C. Ainsworth Recording Secretary, Mrs. Mary Ogden Corresponding Secretary. A committee of three, consisting of Miss Hill, Mrs. G. H. Atkinson, and Mrs. H. Failing, were appointed to draft a constitution, and the meeting adjourned until September 7th.

FROM THE STATES.—Two families arrived in this city from the Plains last evening. They come from the State of Missouri. One of these families was made of the main paternal, on their long journey, and the weeping widow stood comparatively alone, surrounded by her orphan children, as she landed upon the wharf in the distant home she had started for full of hope. It was a sorry sight, and we commend her case to the good Samaritans of Oregon.

RECKLESS.—A young boy, whose name we suppress for the benefit of his family, was arraigned before Justice Gray yesterday, for the reckless manner in which he had displayed fire arms, endangering the lives of his companions, and was bound in the sum of $100 to keep the peace. It should be taken as a warning. Inexperienced boys should be deprived the privilege of handling dangerous weapons, before they come to grief.

PERMANENT SETTLERS.—Among the miners who have been in luck we occasionally meet with parties desirous to become settlers, and often they turn their attention as industriously to prospect for a home in our midst, as they had previously done for the ore. Two men, representatives of $10,000 each, are at present looking for the indications on Tualatin Plains. May they succeed and be happy is our devout wish.

INAUGURATED.—For the benefit of future generations it may not be improper to record the fact that eating in Portland was duly inaugurated yesterday. We are not informed as to whether Frank Leslie's special artist was on the spot to make a sketch of the important event, but we should presume our enterprising periodical dealers would have the matter attended to. It would make a splendid picture.

WAR AND RUMORS OF WAR.—The startling intelligence received yesterday concerning the Indian raid on the miners at Santiam, created considerable consternation on the streets of our city, which was only heightened by the glistening appearance of bayonets, and the roll of martial music in the evening, incident to the drill of one of the O. V. M. Companies of Portland.

CHANGE OF CARRIER.—The MORNING OREGONIAN is now delivered north of Aldor street by Mr. W. G. Ballard, who succeeds Mr. J. M. Doherty, retired in consequence of ill health. Any omissions that may occur in consequence of this change, will be rectified upon application at this office. Subscriptions due prior to the 21st inst., must be paid to Mr. Doherty.

THE SIERRA NEVADA.—The steamship *Sierra Nevada* was announced by telegraph from Monticello at 4 o'clock P. M. yesterday, but had not arrived up to the hour of going to press. The steamer *Julia* had been sent to Peasely's Island to meet her in case she could not come through the channel.

STAMP DUTIES.—Every retail dealer in this city will be interested in "Schedule C," regulating the stamp duties on proprietary articles, which we published in yesterday's issue. The law takes effect on medicines or preparations, perfumery, cosmetics, medicines, and photograph cards, September 1st.

MOVING.—The old frame structure formerly occupied by Wm. McEwan, Esq., as a law office on First street, is now on the move for a more eligible site. It will take up with a situation on Alder street, and be converted into a manufacturing establishment.

DISORDERLY.—The City Recorder dispersed of three Miss-Demeanors yesterday, the principals being old offenders. The three paid fines amounting in the aggregate to $20.

Oregonians should test the merits of Dr. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequaled as an invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Let the Bitters be the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitter, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy26daw

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. *"Brown's Bronchial Troches"* give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

25. Periodical Headache—so common in malarious and marshy countries, Tic Douloureux, that most painful affection of the nerves of the face, are often only attacks of ague in disguise—proceeding from the same noxious influence. Jaundice, Dyspepsia and Diarrhœa, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy, often result from the same miasmal cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague in its simplest forms.

QUICK ON THE TRIGGER.—"You will please observe," said the school teacher, "that he led us through his school . . . to practice as well as discipline."

We had at this moment arrived in front. . . . several lads standing around a water bucket and one had just charged his mouth with the contents thereof, while the old gentleman was stooping over to recover his pen from the floor, . . . I chund snapped his fingers quick under the drinker's chin, which caused him on a sudden to eject the contents of his mouth over the . . . pate. Standing upright with his face all . . . dripping, he shouted

Who did that?

The party unanimously cried out—"Jim . . ."

Jim . . . whistled and said that Tom . . . muttered that it was not his fault—that Tom Owen snapt him.

This changed the direction of old . . . and shaking his cane portentously over Owen's head he asked

Did you snap Gun?"

The culprit trembling with fear, muttered "Yes sir. I snapt Gun but I didn't know that he was loaded."

A modest young gentleman at a dinner party, put the following conundrum

"Why are most of people who eat turkies like babies?"

There was no reply; the modest man blushed and would have backed out but finally gave the reason

Because they are fond of the breast

Two middle aged ladies fainted, the remains of the young man were carried out by the coroner and three married ladies clapped their handkerchiefs to their mouths in convulsion—tooth ache of course.

Oregon State Sanitary Fair

To the Citizens of Oregon

It is proposed to hold a Sanitary Fair at Salem during the State Fair commencing on the 27th of September next. In view of the urgent necessity of the Sanitary Cause and the briefness of the time allowed to make preparations, it is ardently hoped that every friend of humanity and every lover of his country residing in Oregon will respond to this call.

We can say to those at a distance that ample room and shelter will be provided for all their contributions.

In suggesting these committees we presume that some will be unable to act; to all such we would say, procure a substitute, . . . where committees have been appointed individuals will please act for themselves and come to the Fair and see that their donations are on hand so that no section of country will be unrepresented.

Oregon has heretofore responded nobly to these calls of humanity, and now is no time to falter or falter while every telegram brings the sad news of brave men fallen and the work of carnage and death still going on, shall we while peace and plenty falls to our lot forget our bleeding country?

To the Ladies of Oregon we most especially plead, knowing full well that if we have their united support success will crown our efforts. From every woman in the State we crave some article of handiwork. Every description of ornamental work which busy fingers and ingenuity can frame; in the long list of knitting from a pair of socks to the most elaborate shawl; in needle work from the baby's bib to the finest dress; in clothing for men, women and children . . . the variety be so complete that no want may be unsupplied. Every article of female handiwork that will bring enough to pay for time and material.

To the farmers we look for help; let your offerings be as generous as your hearts, and as a kitchen will be one important feature of the Fair nothing will be amiss, whether it be the products of the soil, your dairy or your cattle.

From the merchant and manufacturer, miner and business man let us have a sample of his wares, or the work of his hands, so that our young State may be fully represented in all her growing wealth and greatness.

The County Committees whose names are below are requested to solicit and receive contributions and arrange for their being forwarded to Salem at the proper time. It is desired that the County Committees should appoint sub-committees to aid them in their work, each member or committee recollecting if they cannot act themselves to endeavor to procure substitutes, so that there may be neither neglect nor delay in making the necessary arrangements.

All organized Sanitary Aid Societies are invited to give this matter their especial attention.

Many of the patriot Ladies in different parts of the State have expressed to me a wish to be permitted to hold a Sanitary Fair, on the grounds of the State Agricultural Society near Salem, during the continuance of the State Fair commencing on the 27th of September. I have not deemed it necessary to call a meeting of the Board of Managers for the purpose. Claiming it considered. I am very sure I but express the sentiments of those with whom I have the honor to be officially associated when I say that it is with pleasure that they yield to the wishes of the great-hearted women.

Resolutions of the Union National Convention

ADOPTED AT BALTIMORE, JUNE 8, 1864

1 *Resolved*, That it is the highest duty of every American citizen to maintain against all their enemies the integrity of the Union and the paramount authority of the Constitution and laws of the United States, and that laying aside all differences and political opinions we pledge ourselves as Union men animated by a common object to do everything in our power to aid the Government in quelling by force of arms the rebellion now raging against its authority and in bringing to the punishment due to their crimes the rebels and traitors armed against it.

2 *Resolved*, That we approve the determination of the Government of the United States not to compromise with rebels or to offer any terms of peace except such as may be based upon an unconditional surrender of their hostility and a return to their just allegiance to the Constitution and laws of the United States, and that we call upon the Government to maintain this position, and to prosecute the war with the utmost possible vigor to the complete suppression of the rebellion in the full reliance upon the self sacrificing patriotism, heroic valor and the undying devotion of the American people to their country and its free institutions.

3 *Resolved*, That as slavery was the cause and now constitutes the strength of this rebellion, and as it must be always and everywhere hostile to the principles of republican government, justice and the national safety demand its utter and complete extirpation from the soil of the Republic. And that while we uphold and maintain the acts and proclamations by which the Government, in its own defense has aimed a death blow at this gigantic evil, we are in favor furthermore, of such an amendment to the Constitution to be made by the people in conformity with its provisions as shall terminate and forever prohibit the existence of slavery within the limits or jurisdiction of the United States.

4 *Resolved*, That the thanks of the American people are due to the soldiers and sailors of the army and navy who have periled their lives in defense of their country and in vindication of the honor of the flag, that the nation owes to them some permanent recognition of their valor and ample and permanent provision for those of their survivors who have received disabling and honorable wounds in the service of the country, and that the memories of those who have fallen in its defense, shall be held in grateful and everlasting remembrance.

5 *Resolved*, That we approve and applaud the practical wisdom, the unselfish patriotism and the unswerving fidelity to the Constitution and the principles of American liberty with which Abraham Lincoln has discharged, under circumstances of unparalleled difficulty, the great duties and responsibilities of the Presidential office; that we approve and indorse, as demanded by the emergency and essential to the preservation of the nation, and as within the provisions of the Constitution, the measures and acts which he has adopted to defend the nation against its open and secret foes, that we approve especially the Proclamation of Emancipation, and the employment as Union soldiers of men heretofore held in slavery, and that we have full confidence in his determination to carry on these and all other Constitutional measures essential to the salvation of the country with full and complete effect.

6 *Resolved*, That we deem it essential to the general welfare that harmony should prevail in the National councils, and we regard as worthy of official trust those only who cordially indorse the principles proclaimed in these resolutions, and which should characterize the administration of the Government.

7 *Resolved*, That the Government owes to all men employed in its armies without regard to distinction of color, the full protection of the laws of war, and that any violation of these laws, or the usages of civilized nations in time of war, by the rebels now in arms, should be made the subject of prompt and full redress.

8 *Resolved*, That foreign emigration, which in the past has added much to the wealth, development of resources and increase of power to this nation, the asylum of the oppressed of all nations, should be fostered and encouraged by a liberal and just policy.

9 *Resolved*, That we are in favor of the speedy construction of a railroad to the Pacific.

10 *Resolved*, That the national faith, pledged for the redemption of the public debt must be kept inviolate and for this purpose we recommend economy and rigid responsibility in the public expenditures, and a vigorous and just system of taxation, that it is the duty of every loyal State to sustain the credit and promote the use of the national currency.

11 *Resolved*, That we approve the position taken by the Government, that the people of the United States can never regard with indifference the attempt of any European power to overthrow by force and supplant by fraud, the institutions of any Republican Government on the Western Continent, and will view with extreme jealousy, as menacing the peace and independence of their own country, the efforts of any such power to obtain new footholds for monarchical governments, sustained by foreign military force in near proximity of the United States.

Suffice it to say that any Lady with an extensive family of small children will find a better security for "Daily Bread" in one of these Machines than in the possession of extensive fields of ripened wheat!

Likewise, the IMPROVED PARIFFER SEWING MACHINE—real and compact.

Likewise the "NEW ENGLAND SEWING MACHINE," a small, cheap, ingenious article. Every little Lady of five years ought to have one, as a silent monitor teaching by its very presence the immense value of mechanical talent when combined with untiring industry.

All those Articles Cheap!!

Good people all give us a call,
To please we expectantly wait
With cash in your hand we are at command
For then we can reciprocate.

Certificate of Dr Hayes

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air and that to maintain a solution of Protoxide of Iron without further oxidation has been deemed impossible.

In the Peruvian Syrup this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates, citrates and tartrates of the Materia Medica. A A HAYES M D

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr Henry Anders, a physician and chemist of New York, after years of patient labor and experiment discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the scientific world is attested by certificates of analysis from Dr J R Chilton of this city and Prof Booth U S Mint Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals and its use recommended to practitioners (see "American Medical Monthly," July 6 1860, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price $1 per bottle. Prepared by Dr H Anders & Co, Physicians and Chemists, New York.

A FEW CASES OF EXCELLENT DRIED BEEF at ap23tf RICHARDS & McCRAKEN

From the army hospital—the bloody battle field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office

ROCHESTER, Wis, Sept 16 1864

* * * I have been afflicted many years with severe cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicines failed to relieve me. Some friends in New York who were using Plantation Bitters prevailed upon me to try them. I commenced with a small wine glassful after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully, JUDITH RUSSELL

SOUTH WALSAW O, July 28 1863

* * * One year since, my wife and I had scrofula and Erysipelas . . . saving the doctors over $140 without help. At last we were cured by two bottles of your Bitters.

EDWARD WOUNALL

The following is from the manager of the Union Home School for the Children of Volunteers.

HAVEMEYER MANSION, FIFTY SEVENTH STREET,
NEW YORK, August 2, 1863

DR DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill had been exhausted has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased and she is now well.

Respectfully, MRS O M DEVOE

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV W H WAGGONER, Madrid N Y

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.

Thy friend ASA CURRIN, Philadelphia, Pa

* * * I have been a great sufferer from dyspepsia and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV J S CATHORN, Rochester, N Y

* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & CO,
Proprietors Willard's Hotel, Washington, D C

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G W ANDREWS
Superintendent Soldiers' Home, Cincinnati, O

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business.

H B KINGSLEY, Cleveland, O

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.

C C MOORE, 254 Broadway, N Y
etc etc etc etc

The Plantation Bitters make the weak strong, the languid brilliant and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras Roots, Herbs, &c, all preserved in perfectly pure St Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c, deserve to suffer if they will not try them.

They are recommended by the highest medical authorities and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated and signature on steel plate side label.
